WASHOE COUNTY OFFICIAL PRE S

WEDNESDAY, MARCH 10, 1875.

NEVADA'S REPRESENTATION AT THE CENTENNIAL.

The San Francisco *Call* learns from Major McCoy, U. S. Centennial Commissioner for the State of Nevada, that the Legislature of this State has passed a law appropriating $20,000 for the purpose of defraying the expenses of placing Nevada's products on exhibition at Philadelphia in 1876. The law places the amount appropriated subject to the control of the State Board of Managers, for the purposes above specified. It is contemplated by the Board of Managers to erect a small quartz mill, to be kept in operation during the exhibition, showing the various processes through which ores pass to reduce them to bullion. Senator Stephenson, President of the Senate of Nevada, a gentleman of long experience in mill matters and a resident of Gold Hill, has intimated a willingness to take charge of the mill, the motive power for which will be furnished on the ground for driving all machinery necessary for exhibition purposes. He is informed that Mr. Mackey and other gentlemen connected with the great bonanza mines at Virginia City, will furnish ores (to be forwarded by railroad) necessary to keep the mill in operation as long as may be desired by the Board of Managers. This will be one of the most prominent and interesting features, to those unaccustomed to these things, during the exhibition, and will very properly represent the great industrial pursuit of that State, soon to become, if not already, the greatest mineral producing country in the world. Perhaps there is no place at this time where free silver ores are so successfully reduced as at Virginia City; and none where base ores are more successfully smelted than at Eureka, in this State. Agents have been appointed to solicit subscriptions for Nevada quota of stock to the Centennial Fund; and two gentlemen—the State Mineralogist and W. F. Stewart, the recent Democratic nominee for that office—have kindly agreed to collect ores from the different portions of the State, to be placed on exhibition on the great occasion. Thus it will be perceived that our sister State is taking steps to contribute her part in the promotion of this great enterprise. Colorado has contributed, notwithstanding her small population, $50,000 to present herself properly on the occasion.

THEIR POSITIONS.

As we learn by telegraph the Pacific coast Senators have been given places on the Senate Committees this session as follows: Sargent remains on the Appropriations and Naval Affairs, and is promoted to the Chairmanship of Mines and Mining, and also becomes a member of the Railroad Committee. Booth is given a place on the Public Lands, Pensions, and Manufactures. Jones remains on the Post Office, becomes Chairman of the Contingent Expenses and is given a place on the Finance Committee. Sharon is assigned to the Mines and Mining and Territories. Mitchell remains on the Transportation Committees, and is also placed on the Railroad Committee. Kelly like all other Democrats, is yet to be assigned place by the minority, but will doubtless remain on the Public Lands, Military Affairs and Enrolled Bills, and will perhaps have an additional position.

THE freshest rumor is that Attorney General Williams is to be nominated Minister to Russia, and ex-Senator Carpenter is to be appointed Attorney General.

For the Black Hills—Republican Majority.

CHICAGO, March 9.

A Wisconsin dispatch says a Black Hills expedition is fitting out at that place expecting to start early in the Spring.

An *Inter-Ocean's* Washington special says enough is already known by the House Louisiana Committee of the character of election returns for members of the Legislature to make it certain that their revision of these returns will not give the conservatives a majority on joint ballot, so in case Pinchbeck is not admitted to the Senate any election held after the Wheeler compromise is carried into effect will be in the control of Republicans.

Resumed the Pastorate.

WASHINGTON, March 9.

Rev. John. P. Newman has returned to Pastorate of the Metropolitan M. E. Church of this city.

The Scandal.

NEW YORK, March 9.

The Brooklyn City Court comfortably filled to-day; Mrs. Tilton present for the first time since the defense began the examination of witnesses. Geo. W. Lincoln, proprietor of the hotel at Winsted, Connecticut, where Tilton stopped with a young lady, was the first witness, and was examined by Tracy. He testified to Tilton coming to the hotel with a lady, apparently about 25, asking for and obtaining adjoining rooms and to seeing the young lady lying on the bed in Tilton's room, and the latter in the room with his coat off. Albert F. Norton testified being a boarder in the Winsted Hotel, when Tilton was there, and seeing in passing Tilton's room early one morning a young lady in there partly dressed. S. Belcher, the next witness, testified being a member of Plymouth church since 1853; has known Tilton twenty years and lived in the adjoining house to him in Oxford St., two or three years.

Caucus Proceedings.

WASHINGTON, March 9.

The caucus of Republican Senators to-day chose Ferry, of Connecticut, for President of the Senate *pro tem*, and on the meeting of the Senate he was elected, receiving 39 votes to 25 for Thurman. The caucus also approved the resolution on the revision of standing committees.

Extensive Fire.

MONTREAL, March 9.

The Grand Trunk Railway buildings at Point St. Charles, comprising a large frame structure 400x100, freight car repair sheds, and brick building adjoining, the upper part of which was occupied as general offices, burned this morning. Loss estimated at $100,000; insured for $60,000, mostly in American companies.

Changes.

WASHINGTON, March 9.

In the Senate standing committees the following changes were made in chairmanship; Conkling, Committe of Commerce, in place of Chandler; Hamlin, postoffies and postroads, in place of Ramsey; Oglesby, public land, in place of Sprague; Ingalls, pensions, in place of Boreman; West, railroads, in place of Stewart; Sargent, mines and mining, in place of Hamin; Boutwell, revision of laws, in place of Conkling; Patterson, education and labor, in place of Flanagan; Clayton, civil service retrenchment, in place of Wright. Two committees are given to the Democrats, Thurman being chairman of that on Private Land Claims, and Stevenson that on Revolutionary Claims.

COLUMBUS, O., March 9.

The Ohio State Grange met here to-day, between 100 and 200 delegates being in attendance. The morning was devoted entirely to organizing.

PACIFIC COAST.

Attempted Assassination.

SAN FRANCISCO, March 9.

Maria Bonnet, wife of B. Bonnet, the well known asphaltum contractor, 402 Montgomery street, attempted to assassinate a woman named Kate Crowley, at 323 Kearney street. From Mrs. Bonnets statement it appears that some six years ago Kate was in her employ as nurse girl, but was discharged by her on account of Bonnets unconcealed preference. Since that time Bonnet has maintained intercourse with her and for the last two years has lived with her entirely, abandoning his wife and family of three children, leaving them almost destitute, though providing them to a limited extent with the necessaries of life. To-day Mrs Bonnet driven to desperation by the state of affairs went to the room occupied by the woman Crowley with the avowed intention of killing her, and fired three shots at her, one of which took effect on the head producing a superficial wound. Mrs. Bonnet was arrested and lodged in the station house. She expresses disappointment at her failure to kill the object of her attack and asserts her determination to make another attempt at the earliest possible moment. Bonnet is a man of considerable means and well known.

Specimens—Petition.

SAN DIEGO, March 9.

Hon. H. S. Stevens, Delegate to Congress from Arizona, and J. C. Truman, of the Guymas and Tucson Railroad, arrived here last evening from Tucson, en route East. They have some magnificent specimens of recently developed silver mines in southern Arizona and are enthusiastic over the prospects. From Mr. Truman we learn that great numbers of people are now leaving the State of Sonora and pushing their way to Arizona and Southern California. The roads are lined with these emigrants.

A petition is being circulated here and being generally signed by our citizens for commutation of the sentence of the Indian, Sordo, now under sentence of death, to imprisonment for life.

Judicial News.

SAN FRANCISCO, March 9.

The second trial of Alfred Eckstein for forging of poll-tax receipts will commence Thursday next.

The case of John J. Marks, ex-Harbor Commissioner, whose trial for embezzlement was set for to-day came up in the Municipal Court this morning. Owing to the continued illness of D. J. Murphy, of defendant's counsel, Attorney-General Love made a motion for a continuance of the case. The Court thereon put the case over to April 12th.

The trial of Thomas Nolan for the murder of Margaret O'Connor was concluded in the Fifteenth District Court to-day. The jury after a 15 minutes deliberation rendered a verdict of not guilty.

Suicide—Weather—Grain.

TURLOCK, CAL., March 8.

A man named L. P. Loyd committed suicide here last night between the hours of 12 and 1 A. M. by drowning himself in a water trough. He was a native of New York, aged about 47 years, had been on an extended drunk and is supposed to have been in delerium tremens when the act was committed. An inquest was held this afternoon when the above facts were obtained.

Weather warm and pleasant.

Grain is in a flourishing condition.

In Operation—Recaptured.

LOS ANGELES, March 9.

The Aliso mill which was burned last Summer has been rebuilt and is now in operation.

The party that followed the Mexican thieves from Osuza have returned. They recaptured six of the horses in the head of San Gabriel Cañon and saw the Mexicans who had stolen them, but the thieves escaped.

DR. A B SPINNEY.

WELL KNOWN throughout the country as a Pathologist and Physiologist whose successful treatment of certain physical disabilities and functional derangements deservedly entitled him to the familiar recognition of the GREAT SPECIALIST would respectfully inform the citizens of Virginia City Nevada and vicinity that he can be consulted at No 188 South C street Virginia seven doors north of the French Drug Store, at his office thus giving invalids an opportunity of ridding themselves of the ... his profession agency of such constitution ... varieties and ailments as he claims to compass and to cure Without entering into ... details it is sufficient to simply promulgate the fact that DR SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada East) Medical Institute The regime of the English Pharmaceutical Colleges is gauged by an elevated standard An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of the multiform chronic affections incident to both sexes such as Nervous Debility Exhausted Vitality Youthful Excesses Marriage Impediments Chronic and General Afflictions

TO THE LADIES.

DR SPINNEY while naturally impressed with the delicacy of the subject feels no hesitancy in assuming that ... tion with a competent knowledge of their various sufferings such as Nervousness Neuralgia Spinal Weakness Loss of Appetite, Lassitude Prolapsus Uteri Retroversions or Displacement of the Womb Vaginal Irregularities Leucorrhea Dyspepsia Indigestion Constipation and the many petty irritating distractions that almost invariably have their origin in the uterine region afford them immediate relief

YOUNG MEN,

Who may be suffering from the effects of youthful follies or indiscretion will do well to avail themselves of this the greatest boon ever laid at the altar of suffering humanity DR SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure ... [illegible] ... when the most skillful physicians can render you no assistance when the door of hope will be closed against you when no angel of mercy can bring you relief ... the Doctor failed of success Then let not despair work its ... upon your imagination but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill or before grim death hurries you to a premature grave

COME AND BE HEALED.

It matters not what your trouble may be come and let the Doctor examine your case It will cost you nothing for consultation so please call and satisfy yourself whether the Doctor understands your case If he can cure you he will tell you so, if not he will say so for he will not undertake a cure unless he is confident of effecting a cure

MIDDLE-AGED MEN.

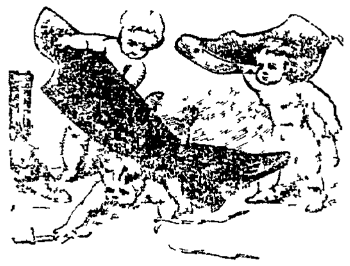

There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for, on examining the urinary deposits a ropy sediment will often be found and sometimes small particles of albumen will appear or the color will be of a thin and milkish hue again changing to a dark and torpid appearance There are many men who die of this difficulty ignorant of the cause which is the second stage of seminal weakness Dr S will gaurantee a perfect cure in all such cases and a healthy restoration of the genito urinary organs

N B —Only an interview required in a majority of cases balance of treatment can be conducted at home without interruption of business No cases treated without a personal interview and proper examination Office hours—10 to 1 2 to 4 and 7 to 8 Consultation Free Examination and advice, $5 s3 tf
